The Pan American Golf Association of Fort Worth hosted the 58th National PAGA Tournament and Convention on July 27-31, 2015. We had 574 adult golfers and 24 junior golfers participate in our annual National Golf Tournament and seven different golf courses throughout the city were used.

On behalf of the Pan American Golf Association of Fort Worth, we would like to thank Woodhaven Country Club and your membership for hosting the 4th and 5th flight of our 58th National PAGA Golf Tournament on July 30th-31st, 2015. Woodhaven CC hosted over 100 players for these two days.

The difficulty of organizing a golf tournament with a large amount of players for two days was made easier by your staff: Jason Rocha and Richard Garcia and the rest of the staff were sensational and extremely organized. Jason and Richard ensured that everyone kept to their assigned tee times and groups.

The course was in wonderful condition from tee to green. We had nothing but positive feedback and kudos from all the PAGA players. PAGA players were extremely pleased that we had chosen Woodhaven CC as one of the golf courses to play our annual event in.

Once again, thank you to everyone for their hospitality. We look forward to using Woodhaven CC again.

Thanks,

Sergio Alvarado
